

HAYOC *among* HEROS

A Mystery Party at a World Superhero Convention

for kids under 12

SAMPLE

Host's Guide

Thank you for choosing Havoc Among Heros a children's mystery party game. When you purchase the game you will be given a comprehensive packet that will provide all of the information that you need to run your very own mystery party—one that will have your guests talking about for weeks, if not longer.

This mystery experience is designed to be easy to run and fun to play for all the guests involved. The mystery games for guests under the age of 12 are less complicated for the guests than the adult and teen mystery games. The guests in the children's mystery parties are assigned characters and given costume suggestions and a small character description but the game does not depend on the guests assuming those characters. There are clues that are given to the guests as the party progresses through various party games that create the mystery plot. In the end the guests have an opportunity to guess the solution to the mystery and awards are given to the guests who figure out the mystery. Prizes can also be given throughout the night for winners of the various party games.

The number of guests needed for the children's mystery parties is flexible as the clues are not dependant on the guests providing them and the mystery takes place before the guests arrive so a missing character doesn't spoil the outcome. Minimum and maximum numbers are still suggested with the children's parties for your convenience.

All products come in the form of professionally designed pdf files that will contain all of your instructions and materials for running your party. Once purchased, you will receive an email that will give you a link to a secured part of our site and a password to enable you to download your party package pdfs.

As the Host, what do you need to do?

Your job as host will be to assign each guest a character and provide them with an invitation and character description before the party. You will also need to print up and organize all of the material needed at the party including the instructions to the guests, name tags, games and awards. Each game that will be played comes with complete instructions and you as Host will need to print, cut out and organize the clues for the games. To add to the experience you may want to decorate in a circus theme and serve dinner or refreshments.

Party Schedule

- Most likely, the length of the party will take 1 ½ to 2 hours. It could be longer if you serve food, have presents (if it is a birthday party) and or play all of the optional games.
- Give each guest a name tag as they arrive.

- Read the introduction to the guests.
- Play Clue BINGO.
- Read through and display the clues from Clue BINGO.
- Play Spider Web Clues and display the FIRST SET OF CLUES on cardboard or posterboard.
- Play Balloon stomp or Balloon Toss and add the SECOND SET OF CLUES to the cardboard or posterboard.
- Play Musical Clues and add the THIRD SET OF CLUES to the cardboard or posterboard.
- Play any optional games (note optional games can be played at any time as long as you have time for the required games).
- Read over all of the clues that have been collected (you may want to regroup them to have similar clues together ie “Clue: Divine Diva can instantly transport wherever she wants to go using her special ring, Clue: Divine Diva was seen at the zoo before the animals escaped, Clue: Divine Diva helped to collect the escape animals” and so on)
- Have the guests guess who took the GAGAA and record their guesses on the Whodunit Cards. If the guests are too young to fill out the Whodunit Cards on their own, you as host can record their guesses on the Host’s Whodunit Worksheet.
- Play Pass the Parcel for the Solution puzzle. Put the puzzle together and read the solution to the mystery.
- Give out awards for guests who correctly solve the mystery.
